CYBERTRON: A MECHANICAL WORLD WHERE THE HEROIC AUTOBOTS AND EVIL DECEPTICONS HAVE BEEN LOCKED IN A DEADLY CIVIL WAR FOR MILLIONS OF YEARS. WITH THE LEADERS OF BOTH SIDES MISSING AND ENERGY LEVELS LOW, THE CONFLICT HAS NOW BECOME CONFUSED AND DESPERATE. THIS IS THE ERA OF THE MICROMASTERS.

GET YOUR SKIDPLATES UNDER COVER!
WHERE THE REST AT, BARRICADE?!
OUT THERE!

WHAT ARE THEY WAITING FOR?
SHOOT, ALREADY!

GUESS I'LL HAVE TO DO THIS MYSELF!

WHAT THE SLAG HAPPENED, BIG DADDY? HOW COME YOU DIDN'T OPEN FIRE?
NO GUNS--HNH--SPLIT AUTOBASE IN A HURRY!
YOU GOTTA BE KIDDIN' ME!

WE ARE SOME DEAD SLAGGIN' MICROS.
NONE OF THAT SCRAP ON MY TEAM, GROUND HOG!
PICK YOUR TARGETS AND MAN-UP YOUR DEFENSE ON THESE UNARMED 'BOTS.
WHAT DO WE DO NOW, BOSS-BOT?
I'M NOBODY'S BOSS-BOT, HUBS--
HEY, SOMETHING'S--
--COMING!

SOMEBODY ELSE LOOKIN' TO GET THEIR GRILL *BUSTED?*
BRING IT.

YECH.

I ALWAYS *LOVED* PLAYIN' *EXTERMINATOR.*
GOOD THING I CAME TO CHECK UP ON YA. YOU KIDS'VE GOT *NO IDEA* WHAT'S OUT HERE.
WHO'S UP FOR AN ESCORT OUTTA THE WASTELANDS COURTESY OF THE *GROUNDSHAKER* EXPRESS?

CHECK UP ON US?
BUDDY OF MINE WANTED TO HAVE A WORD WITH YA. YOU IN, OR WHAT?
THERE'S EVEN ROOM FER YOUR LITTLE DECEPTICON... *FRIENDS*, PROVIDIN' THEY CAN STAY OUTTA *TROUBLE* ALONG THE WAY.
WATCH IT, TOUGH GUY, THEY SAVED--

THANKS FOR THE SUPPORT, BUT WE DON'T NEED *THIS* LOUDMOUTH'S CHARITY. WE'LL GET TO THE BURNS ON OUR *OWN.*
CATCH YOU MICROS LATER.

I GUESS WE HAVE NO OTHER CHOICE, PAL. LET'S GO.

NOW WHAT?
AH, WE SHOULD'A JUST SLAGGED THAT FOOL.
SHUT UP, ROLLER FORCE, I NEED TO THINK--
YES, YOU DO.
PERHAPS WE ALL DO.
THANK PRIMUS! IT'S SHOCKWAVE!
YEAH, IT IS. PERFECT TIME TO HOP OFF THE BENCH-- RIGHT AFTER THE FIGHT'S OVER.
WHAT ARE YOU DOING ALL THE WAY OUT HERE?
AFTER YOUR DEPARTURE, I REALIZED YOU MIGHT BE HEADING THIS WAY, SO I TOOK IT UPON MYSELF TO MAKE SURE YOU MADE IT UNHARMED--AS A GESTURE OF GOOD FAITH.
YEAH...YOU'RE A REAL CYBERTRONIAN HERO.
BUT YOU LET US LEAVE IN THE FIRST PLACE... ISN'T THAT CONVENIENT?
EVEN I AM NOT INFALLIBLE. I'M PREPARED TO MAKE AMENDS IF YOU WISH TO REJOIN US.
AT THE END OF THE CYCLE, WE ARE ALL DECEPTICONS.
DON'T THINK SO.
I HAVE NO INTENTION OF *FORCING* YOU TO DO ANYTHING.
YOUR WILL IS YOUR OWN.

IF YOU WISH TO FOLLOW YOUR PRESENT COURSE TO LITTLE IACON, THAT PATH REPRESENTS THE SAFEST ROUTE.
GOOD LUCK.
RIGHT.

THOSE 'CONS ARE *NUTS!* I, FOR ONE, CAN'T WAIT TO JUST GET BACK TO *BASE*.
YES, I'M SURE.

SADLY, *YOU* WON'T BE MAKING IT THERE.
YOU HAVE YOUR NEW MISSION. *THIS* SHOULD TIDE YOU OVER UNTIL THEN.
HUH--?

WHAT? NO--!

SO, WHAT'S THE DEAL WITH THIS FRIEND OF YOURS? WHY'S HE WANNA MEET WITH US?
HE CAN EXPLAIN IT BETTER'N ME. HE'S THE *BRAINS*.. I'M JUST THE ONE WHO *BREAKS* STUFF.
LEAST. THAT'S THE WAY HE TELLS IT
THAT EXPLAIN MUCH. YOU GUYS ARE *FIRST-GEN*, RIGHT?
GUZZLERS THAT GOT CONVERTED INTO MICROS, BEFORE THEY STREAMLINED THE PROCESS AND FIGURED OUT HOW TO BRING NEW MECHS LIKE US ON-LINE?
THAT'S RIGHT.
NOT TOO MANY OF YOU RUSTERS LEFT AROUND, AT LEAST NOT ONES LIKE *YOU* GUYS. MAYBE THAT DECEPTICON BOMBSHOCK, A FEW OTHERS..
YOU JACKED LIKE THAT?
HNNNN.
LOOK, BUDDY I'M JUST TRYING TO FIGURE OUT--
LISTEN, KID--YOU GUYS OBVIOUSLY HAVE *NO* IDEA JUST HOW DANGEROUS THIS PART OF THE WASTELANDS IS, OTHERWISE YOU'D JUST *SHUT UP* AND LEMME GET US THROUGH THIS WITHOUT RUNNING OVER SOME UNEXPLODED ORDNANCE OR MEETING UP WITH SOME MORE NASTY CHARACTERS LIKE YOUR FREAKY *PALS* BACK THERE
AND, ANYWAY,
..WE'RE HERE

SO WHERE ARE WE OFF TO NOW?

TO SEE SOMEBODY WHO THINKS YOU MIGHT HAVE WHAT IT TAKES..

..TO BE *ALL* YOU CAN BE.

GREETING, MY FELLOW AUTOBOTS. MY NAME IS COUNTDOWN.
I'VE BEEN EXPECTING YOU.

THAT'S ABOUT CREEPY.

I GUESS WE HAVE YOU TO THANK, THEN, FOR THE BIG GUY COMING TO OUR RESCUE
HOW DO YOU KNOW WHO WE ARE?
SOMEHOW, YOU DON'T EXACTLY SEEM SURPRISED THAT WE'RE HERE.
YES, YOU COULD SAY THAT.
I'VE JUST RETURNED FROM AN EXTENDED MISSION TO LOCATE THE MISSING AUTOBOT HEROES ON THE ARK.
DURING MY VOYAGE, I FINALLY REALIZED THE TRUTH... THE UNIVERSE IS SO MUCH LARGER THAN WHAT'S HAPPENING ON JUST CYBERTRON. NOT ONLY ARE WORLDS THREATENED BY THE DECEPTICONS, BUT ALSO BY OTHER DANGERS, OTHER EVILS.
YOU SEE, WE'VE BECOME TOO FOCUSED ON CYBERTRON'S PROBLEMS, BUT OUR DESTINY IS TO SET THINGS RIGHT ACROSS THE UNIVERSE.
LIKE YOU, I BECAME DISILLUSIONED BY THE AUTOBOT CAUSE--UNTIL I DISCOVERED SOMETHING ON ANOTHER WORLD, SOMETHING THAT REVEALED THE FUTURE TO ME, HELPING ME SEE THAT I WAS RIGHT. WE ACTUALLY DO HAVE A SACRED MISSION TO PERFORM.
"REVEALED THE FUTURE"?
"SACRED MISSION"?
"OUR DESTINY IS TO SET THINGS RIGHT"?
ARE YOU GONNA SAY SOMETHING, BIG?
YEAH.
UH, LISTEN, COUNTDOWN. NOT THAT WE DON'T APPRECIATE GROUNDSHAKER'S ASSIST, BUT WE JUST QUIT ONE JOB... WE'RE NOT LOOKING TO GET HIRED JUST YET.
...OF COURSE, I UNDERSTAND. PLEASE THINK ABOUT IT.
IN THE MEANTIME, LITTLE IACON IS WITHIN A FEW KLIKS OF HERE. YOU SHOULD BE ABLE TO GO THE REST OF THE WAY SAFELY.
WHAT THE *PIT* WAS *THAT* ALL ABOUT? WEIRD!
YEAH, NO DOUBT. I'M JUST NOT FEELING THIS WHOLE "MISSION FROM PRIMUS" TIP THAT GUY WAS ON.
I KNOW WHAT YOU MEAN.
...BUT HE SEEMED PRETTY INTO IT, LIKE HE'D REALLY FIGURED SOMETHING OUT.
YOU *BELIEVE* THAT MUMBO-JUMBO? ABOUT PREDICTING THE FUTURE AND TELLING US WHAT WE HAVE TO *DO*?
COOL YOUR ENGINE-- I'M JUST TRYING TO WRAP MY PROCESSOR AROUND WHAT HE SAID, IS ALL.
NOW, LET'S SEE IF WE CAN FIND OUT WAY BACK TO THE SPOT.
ALL RIGHT, SWITCH TO ULTRAVIOLET AND MAKE SURE WE'RE IN THE RIGHT PLACE.
YEP. HERE WE GO.
LET'S SEE IT, MICROS.

THANKS FOR NOTHING!
HA!
NNGG...
HOLD STILL AND DON'T BE SUCH A *PROTO*, MUDSLINGER!
SO, I HEAR BLAZE MASTER'S ANOTHER 'CON THAT'S READY TO--

BUT I GUESS WE OUGHTA THANK 'IM FOR HELPING HOLD THOSE FREAKS OFF.

SAY WHAT, PARD!
'SUP

SURE, SURE, BUDDY.
I JUST WANTED TA SHOUT AT YA ABOUT THE NEXT STEP HERE... WITH YOU MECHS OFF'A THE AUTOBOTS' TEAM, I FIGURED YOU MIGHT NEED TO HOOK UP WITH US TO BOOST WHAT WE'LL NEED FROM NOW ON. EIGHT'S BETTER THAN FOUR, RIGHT? I ALREADY VOUCHED FOR YOU, I KNOW YOU CAN WORK OVER AN AUTOBOT FOR ENERGON WHEN YOU NEED TO--

CRUNCH IS DEAD, MOTORHEAD
WHA--? ARE YOU KIDDING? HE'S...
LOOK, I KNOW YOU, I KNOW YOU DIDN'T MEAN--

LOOK, I'M TRYIN' TA HELP YA OUT! WHERE DO YOU THINK YOUR FUEL'S GONNA COME FROM NOW THAT THEY'RE NOT GIVIN' IT TO YA?! YOU, ME--WE ALL NEED IT TO SURVIVE NOW.
IF YOU'RE NOT WITH THEM, WHAT'S IT MATTER WHO WE GOTTA SCRAP TO GET OURS?
...IT MATTERS.

WHAT? YOU WANT SOME NOW?
SNIKT

MICROMASTERS

TRANSFORMERS MICROMASTERS c/o Dreamwave Productions, 11 Allstate Parkway, Suite 200, Markham, Ontario, L3R 9T8 Canada

Ladies and Gentlemen, boys and girls, 'bots and 'cons. We've got lots of questions from fans trying to get to know *Dreamwave*'s newest *TF* storyline. They may be small, but man, are they big on excitement. But enough hype – let's get to the questions...

Hey DW,
Just trying to figure things out here. I don't recall, in the old day of cartoon/toy/*Marvel* era, where the *Micromaster* timeline fits in? Did the *Micromaster* timeline happen after *G1*, *G2*, *Beast Wars/Machines* – or was it an alternate dimension? Thanks a lot!

Reminator

As you probably know by now, the Micromasters were actually a newer breed of Transformers created specifically to help the Autobots and Decepticons conserve Energon by using smaller and more efficient robots. The Micromasters were created some time before the disastrous event known as the 'Great Shutdown', which occurred 3.9 million years ago. Furthermore, the Micromasters were created after Optimus Prime and the Autobots left for their fateful "3-hour-tour" (and Megs, the 'cons and the Nemesis) that ended up being a 4-million-year journey to Earth. Just like *Beast Wars* and *War Within*, *Micromasters* fits in completely to the main storyline we've established for the *Generation One* series. The great thing about *Micromasters*, of course, is that although it fits into the traditional TF continuity, there is a lot of play for storylines as it is a practically untouched era of the 'bots. Like *War Within*, we have a lot of years to fill in, which is pretty exciting.

Hi Dreamwave,
I just have a quick question. Hasn't anyone noticed the fact that there are more Micromasters than normal-sized characters? I know it's like this because there were more toys made of them, but I just thought it was sort of strange if it was the same in the comic, as well. Just wondering about that, and keep up the good work.

Maverick

Thanks for the kind words. As far as numbers: there sure are a lot of Micromasters. But are there more Micromasters than "the other" *G1* characters? Not really, no. If you remember the toyline, the TFs began in 1984, with a whole whack of characters each year until the Micromasters were released in 1989 and 1990 (along with a bunch of Pretenders and Actionmasters). To put things into perspective as to just how many *G1* characters there are – for *G1 Volume 2*, we had almost 100 characters appear in the series! By the way (beware of shameless plug in 3...2...1) take a look at the *Transformers: More Than Meets The Eye* trade paperbacks this October and November to see all your favorite 'bots in *G1*: the originals, Headmasters, Targetmasters, Micromasters, Actionmasters....

TRANSFORMERS MORE THAN MEETS THE EYE TRADE PAPERBACKS

Hey Dreamwavers,
I thought Micromasters were just as powerful as a normal TFs but just had their size shrunk? True or false?

Autobot 100

Micromasters are really, really small, compared to a "normal-size" Transformer. Think about it like this: a Micromaster standing beside a typical Transformer like Optimus would probably be as high as his kneecap. Even little Bumblebee towers over the Micromasters. As far as their power, it's also greatly reduced. This is in part due to a more efficient use of Energon – imagine filling up your Honda Civic at the gas station for 20 bucks, as opposed to your Hummer Humvee for 95 bones. But it also means that Micromasters have considerably less firepower, strength, and speed. It's not the same as someone like Soundwave or Megatron, who use either parts compression or mass conversion to change their size in alternate modes – those two are not any more fuel efficient when smaller. The Micromasters are always small. But hey, size doesn't always matter. They may be smaller, but with micro-size, they have the power to surpise! Just watch out for Insecticons, guys!

Hope this clears up some of the many questions we have received about *Micromasters*! It's pretty cool to have an old, but new set of players to talk about in the world of TFs!

See you in thirty, Transfans!

I wish I were glad to be back in Hogwarts too.

Sometimes I ponder how great it would be to revisit the carefree world of youth. How wonderful it would be to have no worries; where the grandest of plans stretch only to tomorrow. If only I could re-live the days when my friends and family came and took pleasure in beating up on an unusually large toy collection of a spoiled kid. I wouldn't fight so hard over who got to use the Megatron gun this time around, (knowing how valuable it would be today) avoiding its eventual grisly fate under careless hands.

I've heard that time travel can be a tricky thing though. If I were to meddle with just one moment, perhaps it would create a chain reaction to a different me. Maybe on that fateful day during high school I would not have decided to "screw Math!" and chase the dream of an artist (unbeknownst to my parents at the time, who like many Asian parents can picture their babies as doctors or lawyers at birth). Perhaps I would never have been lucky enough to meet Pat Lee and Roger Lee, who like my high school art teacher, were gifted enough to see potential where it wasn't readily apparent on the surface.

So here I am working through the wee hours of the morning, dreaming of having a couple of hours rest so that I can travel back in time. I'm thankful there is enough magic in the real world to inspire dreamers to create worlds of fantasy.

And I thank them for the memories.
